 **Points!!!**

A great opportunity has just been opened up for all apprentices! Apprentice School Student Association delegates earn points by volunteering in Apprentice School social events. A total of 90 points or more will secure a seat at the ASSA banquet at the end of the year. Now all apprentices are open to earn points in the same fashion. Prizes and awards will be handed out at the banquet based on number of points earned as well as other criteria. If you are interested in participating in any events, contact the Point of contact (POC) of the desired event.

 **Help Wanted**

The year book committee is in need of any photos that you may have of Apprentice School activities for the year of 2010. Please send any photos and indentifying information to Apprenticeyearbook@gmail.com
